realism to a large extent. This is the first time in the history of FIFA that a game features such an environment. Here's what we have in store for FIFA 22: HyperMotion Technology FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay. This support for bespoke motion capture suits will be available in game and will be controlled by the player through the Quick Vision Control module in the FIFA Trainer. Game modes use additional gameplay data to affect game flow and impact transitions such as free kicks, corner kicks, set pieces and throw-ins. In Ultimate Team Mode, you'll be able to choose from over 1.5 million players, each with their own unique traits and attributes. With over 350,000 cards available, you can have the full footballing experience of building and managing your Ultimate Team and taking it to the next level. The creation of teams means that you can take matters into your own hands, and use a new manager mode to guide your team through a challenging season. Customise all aspects of your team, from the style of the uniforms, to the equipment you wear, to the way that your team plays. Your training sessions, individual player attributes and, most importantly, the type of player you choose will affect how your side plays, and ultimately what happens on the pitch.

**Teams – Own a squad of over 1.5 million players in this all-new mode, including new players, kits, and all-new managers. As in FIFA Ultimate Team, you can now build your own custom team. Whether you're a manager looking to guide your team through the seasons of your choice, or are a player who loves customising your starting XI, there's never been a greater way to put your managerial skills to the test.**

**Online – With a wealth of new features and modes that allow you to challenge friends and opponents online, FIFA 22 delivers new ways for you to share**

---

your Ultimate Team with the world. This includes posting your greatest moments online, or dominating the FIFA community with your winning team. Or take over that friendly challenge from last year and challenge your friend to a one-on-one online game.

**eSports** - With an eSports-dedicated mode, FIFA 22 is the only true eSport mode in a football game. You can now compete as a manager or player in a series of competitive eSports game modes, including FIFA Showdown, FIFA Showdown Online, FIFA Showdown Against The World, FIFA Team Battle and FIFA Team Battle Online, all of which are crafted with the new FIFA competitive spirit.

**Online Seasons** - Online Seasons use the same match scheduling structure of FIFA Online Seasons, but they are playable in single-player games or through the FIFA Ultimate Team Manager. From late August to the end of the year, you'll have the chance to compete for glory at the podium.

**Capture and Share** - With the FIFA Club App for iOS and Android devices, your gaming memories become more fun and meaningful. Thanks to the new Capture and Share
