A: I think your problem is that you're not quoting the -U parameters. Try: ffmpeg -i Media.Path -ar 22050 -ab 128 -ac 2 -pix_fmt yuv420p -vf scale=1920:-1 %U Note that I included that %U parameter there to make sure the command line arguments get passed through. The -pix_fmt yuv420p does the same thing as -pix_fmt rgb24, which is what you're explicitly asking for. Day two of the Battle of Los Angeles has ended, and it was both dramatic and turbulent. The top 4 boffins started off the round with the invasion of the Torture Dome. It was a 3 way fight for the win, where each team would set up an emplacement on a particular objective in the middle of the map and then attack from that objective. Both raids by Windfolia and Murloc were successful in their objectives, with Windfolia landing a bonk on the door to the Torture Dome, and Murloc destroying the gate, taking the fight. Windfolia then shifted his attention to the Arcane Orb, getting his team a few kills inside the area. Later in the game Windfolia was able to capture the Core, which allowed one of his team members
