An international conference held in Harare This year CSAE organised an international conference in Harare on 6th and 7th of March 2019. It was attended by participants from universities, government departments and private sector. There were two overarching themes: HIV and Viral Hepatitis, and Global Trade and the Agricultural Sector. The conference brought together knowledge producers and users from the public and private sector. The conference also attracted donors from the UK and USA as well as South Africa. The President of CSAE and more than 200 delegates attended the first day of the conference. They came from all over Zimbabwe and represented many international organisations. Dr Jameson Sifa attended the International Conference and gave a presentation in the afternoon to the second day of the conference.

1. Field of the Invention The present invention relates generally to medical techniques, and more particularly to methods and apparatus for treating gastrointestinal disorders by generating reduced or near-zero pressure at one or more locations within the
